Ed and Russell,

Jim is organizing another joint meeting with TCEQ's legal division at TCEQ offices for the day before Superconference begins (Wed, Aug. 2). He is proposing the following agenda/topics for discussion which include Valero's contractor leak into Corpus drinking water (Ed) and City of Tyler (Russell). Are both of you planning to attend Superconference this year?

Thanks,
Scott

It looks like we can send the same number of people as last year, 15. People will be asked to go early Wednesday for a meeting with TCEQ and some may be asked to do a short presentation. I was out so am not sure how it was decided who went. I suggest 2 from each Branch and 3 branch chiefs. Open to any other suggestions on how to divvy up the spots.
